Sonoma County Regional Climate Protection Authority

490 Mendocino Avenue, Suite 206

Santa Rosa, CA 95401

(707) 565-5373

On behalf of the  
Town of Windsor, California

**January 9, 2012**

This “RFP Final Questions” is offered to provide all interested RFP bidders the following information:

- Answers to Questions submitted by potential bidders following the December 14, 2011 Windsor Efficiency PAYS® RFP Pre-Submittal Meetings and not addressed in the “Bidders Meeting Supplemental Packet” or “Options for Program Capital” documents previously distributed.

As of close of business on January 5, 2012 and the start of the blackout period, only one such question had been received, with the answer provided below.

**Q: Regarding the Landscaping Contractor, what is the standard package bid price (at up to \$2.65 per square foot) meant to include?**

- A. The Standard Landscaping bid package must include sheet composting, drip irrigation with a shut off mechanism from the main irrigation system, and some of the longer lived plantings. Proposals with more plantings in the Standard Landscaping package, offers to provide (for a specified fee) design services for customer “do-it-yourself” plantings, and/or information on Enhanced Landscaping packages would be supportive to one's bid.
